

Nevada matters. Be counted.

NOW'S THE TIME TO BE COUNTED!

BE SAFE As the novel coronavirus (COVID-19) continues to have an impact on the country and our local communities, the safety, health and welfare of Nevadans is a top priority.

BE COUNTED IN THE SAFETY OF YOUR OWN HOME In light of public health concerns, it's important Nevadans know they can be counted without leaving home.

SECURE, EASY, FAST There are three confidential, easy, quick ways to help Nevada get its fair share of federal funding: online (www.census.nv.gov), phone ([844-330-2020](tel:844-330-2020)), or mail in the questionnaire. It takes less than 10 minutes to complete!

MONEY FOR NEVADA Nevada can receive over \$67 billion in federal funding over the next ten years if everyone is counted.

WHERE DOES IT GO? For everyone who is counted, Nevada gets about \$2,000 each year for ten years that helps communities be healthy, safe and educated.

Public Health

- Medicaid
- Medicare Supplemental Insurance (Part B)
- State Children's Health Insurance Program (CHIP)
- Health care centers
- Supplemental Nutrition Assistance Program (SNAP)
- WIC
- Nutrition services for senior citizens
- Child and Adult Care Food Program

Nevada matters. Be counted.

Education
